WELCOME TO THE FUTURE

This is a brief presentation of our division. The division works through its teams in Cayman island, Japan and Hong Kong.

It is a large world in constant evolution. We, in symbiosis with our world, evolve, develop, change and progress.

DIVISION FUTURE

# PROFESSIONAL CONSULTING & BUSINESS

## High quality

We start with consulting to do business. We are part of a Group where consultancy is the core business, and we must always supply it with the highest possible quality.

We have or look for answers to our customers. The more complicated their desires, the more we are the adviser and the right partner to reach them.

DIVISION FUTURE

# OUR MISSION/VISION/VALUE

## Mission

Our mission is to be a long-term Advisor for our clients.

## Vision

Our vision is to be a leader in the industry. We will transform the sector by providing education and transparency to our customers, potential customers and partners. We want to be the long-term supplier of our payment solution customers, helping them to adapt to innovation and change in the world of payments, cards and banking services.

## Core Value

Our core values form our strategic and tactical decisions and actions. Our values and behaviours translate into our culture. Our core values include responsibility, high-quality services, long-term relationships, competitiveness, integrity and Stewardship - Continuing to develop and grow our know-how, to provide advice and better services to our customers and partners.

# PROFESSIONAL CONSULTING & BUSINESS

We should write, like each of our Divisions, dozens of pages that you wouldn't read. Time is money.

Are you a company, a consulting firm or a startup in our sectors? Introduce yourself, and we will tell you if and how we could work with you.

If instead, you need to look for partners, lenders, who can evaluate your idea, startup or company? Write to us, and we will tell you what we can do for you.

## New project 2021

We are planning our participation in the international event for 2021 dedicated to all 45 Divisions of TDHI INTERNATIONAL, of which our company will be one sponsor and organiser.

In the first six months of 2021, we will have the project ready to present it first to our partners and our customers, to then propose it all over the world.

It will be a new project; it will serve to make your brand and your products known. It will be useful to identify other potential partners, but above all, to have a concrete result, in terms of visibility and turnover at the end of the event.

Cannes, Milan in China, get to know and be known; our 5.0 fair will allow our customers and partners to have concrete agreements and turnover.

Those who will have consultancy agreements with TDHI will benefit from many privileges and services. No one has ever organised an event like the one that will host the Group where our company will be the organiser and main sponsor.

being there will be innovative, winning and convenient
